We Believe- Chances Make Champions

To Whom It May Concern:

On behalf of everyone here at SWFL Prep and Tech we would like to invite you to make a difference in the lives of these young athletes. At SWFL Prep and Tech we are committed to promoting personal growth and achievement for each of young men.

Our mission is to guide and nourish the growth of these young men on and off the football field. Our goal is that each student receive the empowerment and courage to excel in their lives.

Our NPGAA recognized Football team, The SWFL Prep and Tech Seahawks, prepares the athletes to go on to higher level colleges by promotion, visibility, training, and learning the sport inside and out. We have a rigorous schedule and standards set for each player that encourages independence, trust, respect and character building.

We are a 501(c)3 non-profit organization. Our team relies on support from their community to further their athletic and academic excellence. The team requires the basic needs such as food, housing, transportation, gear including helmets and safety pads. While we, as coaches and admin have personally supported the betterment of the team thus far we are humbly reaching out to our community for help.

Your donation, in any amount, would greatly impact our ability to continue to make a difference in the lives of these young men. All donations will be used for the needs of the team. You can donate by calling 239-321-4190, or emailing Jen.SWFLprepantech@gmail.com You can also send a check to the address above.

501(c)3 # 87-4618727

Best regards,
